

**DOCTOR OF
BUSINESS
ADMINISTRATION
(DBA)**

message from our dean

Choosing to pursue a DBA is much more than an academic step. It is a commitment to transforming the way you understand and influence the world of business. At Paris Education, our DBA is designed for professionals who want to turn their expertise into meaningful, research-driven impact.

In today's fast-moving global environment, leaders are expected not only to master their field, but also to question established practices, generate new insights, and propose innovative solutions. Our program supports you in making that leap. You will learn how to approach managerial challenges with analytical rigor, how to connect theory with real-world complexities, and how to create knowledge that can shape the future of your industry.

Whether your goal is to strengthen your leadership, refine your strategic vision, or contribute to the advancement of professional practice, our DBA offers the intellectual tools and the supportive environment you need to succeed. I encourage you to join us on this transformative journey!

*Virginie Andraos,
PhD*

about us

PARIS EDUCATION

Paris Education Group was founded in Paris, France, with a global vision from its inception. A truly born-global higher education institution, we view the world as a landscape of opportunity. Our mission is to design career-oriented education models that respond to real industry needs, enhance employability, and create measurable impact for individuals, organizations, and societies.

Designed for the next generation of global leaders, Paris Education specializes in cutting-edge programs in Management and Technology, blending academic excellence with real-world application.

Our programs are tailored for international students seeking a global perspective, world-class education, and unparalleled cultural immersion. With English as the primary language of instruction, students from around the world can thrive in a diverse and inclusive environment.

Step into a world of opportunity, innovation, and inspiration. Whether you're building the next big tech startup or leading international business ventures, Paris Education is where your future begins.

overview

DOCTOR OF BUSINESS ADMINISTRATION

Our DBA is a three-year doctoral program, with an optional dual-degree pathway in partnership with Royale Business College (UK), through which learners may obtain a Level 8 qualification on the UK Regulated Qualifications Framework (RQF), subject to validation by Royale Business College.

The program is delivered fully in English or French and is designed to cover the core

disciplines of management and business administration, combining advanced theory with applied research.

It is specifically tailored for experienced professionals and senior executives seeking to deepen their expertise in business leadership, strategic management, and doctoral-level research, while enhancing their impact at an international level.

OUT THE YEAR**

admission process

1

ONLINE APPLICATION

Begin your journey by completing a comprehensive online application. This initial step allows you to provide essential information about your academic background, achievements, and aspirations. Make sure to submit all required documents and details accurately to ensure a smooth evaluation process.

FILE ASSESSMENT

Following the submission of your online application, our admissions team conducts a thorough file assessment. This stage involves a detailed review of your academic transcripts, letters of recommendation, personal statement, and any other relevant documents you have submitted. The objective is to gain a holistic understanding of your qualifications, experiences, and potential contributions to our academic community.

2

3

ADMISSION INTERVIEW

Successful applicants will be invited to participate in a personalized admission interview. This interview serves as an opportunity for you to express your motivations, goals, and any additional information you wish to share. It also allows us to better understand your unique qualities, ensuring a holistic evaluation of your candidacy.

FINAL DECISION

The culmination of the admission process results in our Admission Jury's decision. It is communicated to you in a timely manner, providing clarity on your application status.

4

eligibility

AND PREREQUISITES

The DBA program is designed for professionals who possess significant experience and expertise in the field of management and business administration. The program is best suited for individuals who are seeking to enhance their knowledge, skills, and capabilities to advance their careers and make significant contributions to their respective fields. The following prerequisites are required for admission:

- MBA, a Master's degree, or an equivalent qualification from a recognized institution
- Detailed resume (CV) showcasing relevant professional experience.
- List of publications (if applicable)
- Two letters of recommendation demonstrating the ability to conduct research work.
- A 5-7 pages research proposal outlining the intended doctoral research project

curriculum

The DBA program is structured around a comprehensive curriculum that comprises three interrelated core modules, which are essential for all candidates, and an optional research-focused module that allows individuals to specialize in their area of interest. These modules are delivered through intensive and interactive 3-day on-site seminars, providing a dynamic learning environment for participants.

Writing the Dissertation and Literature Review: Guides candidates in the process of writing and defending a comprehensive dissertation.

Qualitative Methods for Business Research: Explores qualitative research methodologies and techniques for business-related investigations.

Quantitative Methods for Business Research: Covers quantitative research methods and statistical analysis applicable to business research.

Special Topics (Optional): Offers an opportunity for interested candidates to delve deeper into specific topics related to their research work.

In addition to the aforesaid modules, the DBA program includes a research orientation session to support and enhance the learning journey of the candidates.

Orientation: Specifically designed to provide candidates with a clear understanding of the program structure, expectations, and the path to a successful DBA journey. This session serves as a guide, helping candidates navigate through the program, select their research topic, and establish a solid foundation for their research theme.

careers opportunities

The DBA program empowers students to broaden their professional horizons and accelerate their career progression in the corporate world.

Graduates of the program enjoy a wide range of opportunities, including faculty positions at leading business schools, senior consulting roles, and leadership positions on corporate boards.*
